## Video Info:

„It has not been the easiest task to shoot a video like ours during the lockdown situation but we got kind of lucky that we met Manuel. When his girlfriend Lenni and a very close friend of them, Madeleine, heard of our video concept they instantly wanted to take part in it. Although we were shooting on different days and locations the band created at least some spiritual contact to the girls in lines of the story when the oracle connects with Lenni`s mind as she`s laying in the bathtub.“

- Laura Mueller (Grundeis)
